

SCP Heavy Duty Air-Conditioner

For "HOT" Environment
As Low As 20°C

PA10-E

PA16-E

PA25-E

Portable

Built in with 4 wheels can be moved easily

Strong body

Frame built with outdoor grade powder coated steel

Easy Installation

Built in with a 3 pin plug

Easy maintenance

Only need to vacuum clean occasionally

FAQ

Q1. Is the Portable Air Conditioner suitable for outdoor or open area usage?

Ans: Yes, our portable air conditioner is suitable.

Q2. Does the Portable Air Conditioner require adding water to generate cold air?

Ans: No, it does not require adding water. It cools using a refrigeration system.

Q3. Can the cold air hose be extended?

Ans: Yes, it can be replaced with a 3m (maximum length) hose.

Q4. Is it difficult to install the Portable Air Conditioner?

Ans: No, Just connect it to a single-phase power supply, and you're good to go.

Q5. Is it difficult to do the maintenance for the portable air conditioner?

Ans: No, the maintenance is easy. Just clean the air filter occasionally.
